you had too little
time and money
to meet your basic
needs?

The SW MN

offering a unique and
impactful workshop to
experience life in
someone else's shoes.

AA/EOE/ADA

*The poverty simulation experience is designed to help participants begin to understand what it might be like to live in a typical low-income family trying to survive from month to month. It is **a simulation, not a game.** The object is to sensitize participants to the realities faced by low-income people.*
