

Gifts of Grace  
Toward Financial Wellbeing

## Thank You for Your Partnership!

Welcome to Gifts of Grace Sunday.

Thank you for your support. Gifts of Grace is a partnership between the Southwestern Minnesota Synod and the Lilly Foundation that seeks to build healthy, sustainable ministry throughout the Southwestern Minnesota Synod.

We do this by providing resources for congregational stewardship as well as lifting some of the financial burdens our rostered leaders face from: medical expenses, inadequate retirement savings, and debt incurred through theological education.

Our efforts have changed the lives of rostered leaders and congregations throughout the synod. Rostered leaders are able to bring their whole self to ministry knowing that they have a financial safety net in place. Congregations are able to try new ministries because they are able to use the tools provided to them.

It is our hope that through Gifts of Grace we will be able to make a positive impact on the ministry of this synod for decades to come. We can't, however, do this alone. I want to invite you to join the efforts of Gifts of Grace and make a contribution that will build a sustainable future for congregations throughout the synod.

**Southwestern Minnesota Synod**  
**Evangelical Lutheran Church in America**  
God's work. Our hands.
